Dear Sir June 21 1868

Friend Lyette
Take this opportunity to wish you
happily to you. I am
and that my name is not of
percent same in account yet
among the dried up hills and
to day it rains being the se-

rain since the last of April
there will not be any more than
half acre of hay hear you
rite me that you was in the
oil business will that is with
greatly by press but the crop
trade is very good so I think
last winter was the hardest
winter ever none in memory
the moon was good & plenty
deaf an an average and the
spring has been a very unseason-
able dry and windy

I have bin at work this
spring an a farm and after
spring work have bin at
work on a hilltop but in
a liberty man and probably
shall be till winter (when)
It is very hard times has
now the war is all the go-
thas so being raised a regim
which will make the 9th
dressed a ledes train horse
last Friday the pack was
all well expect it is hard
times the father rate to me
that you was intend me to
go back to minimize and some
of your brothers and other fire
I hope that Dr so I have bin
wanting to hear from you along
time and about rate before now
If I had none more to direct
you no more ported very good
ing

I have thought of Dr a
good deal about good luck
and accomplished my journey
on Saturday and surprised
all my friends that you had
not bin more surprised
if a did man had risen out
of the earth but the as has bin
at grate change has an aciem
It has bin very sickly hear all the
time some of my friends have
gan from this to an other
I would want you to rate me
of tem and excuse my had ~~excuse~~
you spoke of your good and.
handsom girls I dont blame
you can beat mermaid If you
can you will beat me that
I hope you will repant your
state with me of yours I
I dont no as learn think of
much more now so etc
