NOTE: 1 References such as AB12.34 are site references to locate burials at Plymouth Ford Park Cemetery (VPCF), as transcribed by Terry Williams. Prefix letters H and L denote Higher and Lower Ground and the suffix letter S denotes Slip, with the numbers identifying row and location.
Identical site references means burial in the same grave, which implies a close family relationship and addresses from the Register are quoted in the Notes column above if they are identical or sufficiently similar also to suggest a family relationship
(bear in mind that the house-numbering in VPLY and VPDE changed over time to reflect new housing being built).

2 Information received by a fellow researcher Jean Hurley, from Reginald Riggs, a grandson of George's brother Arthur, confirms that George and Susan were buried at VPCF on the dates shown, and states that they had 5 sons and 3 daughters.
The site references imply that George Arthur and Leonard Percy were their sons (thr former named after his father and uncle). However also in the same grave and buried 1904Nov17 was FREDERICK ROBERT RIGGS age 69 so born c1835
He was born prior to the start of Civil Registration) and cannot be found in the 1881 census indexes for Gt Britain. We will have to await the 1901 census for that address to learn more details and what his relationship was to George.

3 Information received by a fellow researcher Jean Hurley, from Reginald Riggs, a grandson of Arthur, confirms that Arthur was baptised as shown, and states he had 3 sons and 3 daughters, but says that he died in 1914 Mch.
Only one Arthur is shown as being born at the appropriate timescale and only one has been found in the 1881 census indexes. The site references and addresses at death imply that the four children shown were his (George Frederick being named after
Arthur's brother George, and presumably the Frederick Robert mentioned in the preceding Note 2). The address 15 Ker Street is near 44 Ker St VPDE where George was living, but again we will have to await the 1901 census for confirmation or otherwise.
