

To whom it may concern: This page is still under construction and subject to change. I have gone to extremes to make each entry as true as possible. However, since a good deal of the facts are taken from the internet you are advised to check each entry for yourselves and to be satisfied within yourself that this is a true and reliable paper. I am 95% sure that it is reliable, but nothing is perfect. Wally Clingan wlc32@woh.rr.com .

I am indebted to Mrs Eldon Clingan, Deanna Fischer and Diane Robison for information on their family trees

IOWA CLINGANS

George S. Clingan was born in Mercer County PA and moved to Trumbull Co OH at the age of 15, moving on to Lee Co IA in 1844, it was here he met and married his life's partner, Margaret Archer, on March 19, 1845. She was a native of Stark County Ohio. After their marriage they moved and to Mahaski County Iowa in 1846, and in 1848 they moved on to Keokuk Co IA and established himself as a first class citizen of his community. He went to the common schools and was a carpenter by trade.

The Trumbull County Clingans were the only Clingan family in the Ohio area at the late 1700's and most of the 1800's Therefore I am almost certain that George Clingan was a son of Thomas Clingan or son of one of William's aunts or uncles. According to the dialogue above he was in Mercer County for fifteen years and then moved to

Trumbull County. This is exactly the way all the Trumbull County Clingans did, first PA and then Ohio. It would seem there were other Clingans in PA during this time who may or may not be related. Time will tell us more, perhaps.
